(Special to The Herald.)

Ogden, June 21.—It was a day of stickwielding and the Ogden crowd had the better of the wielding. By a score of 11 to 8 they pulled away the heavy end of the gate money, which was probably the heaviest yet dropped at an Ogden game. Ogden had a lead of ten runs at the beginning of the sixth luning when the second control of the sixth luning when t better of the wielding. By a score of 11 to 8 they pulled away the heavy end of the gate money, which was probably the heaviest yet dropped at an Ogden game. Ogden had a lead of ten runs at the beginning of the sixth inning, when Fettes' arm, which had been doing the tossing for Ogden, went suddenly but emphatically to the bad, and resulted in a piling up of seven runs for the Maroons.

In the middle of the inning Manager Binford put Fettes on the bench, putting Fulmer in the box and filling his place at short with Marshall. This stopped the run-getting. The only other inning when Christie's crowd scored was in the second, when Kimerer made the circuit. It was a game full of spectacular features, such as an Ogden crowd could take delight in.

Gimlin Gets Into the Game.

Gimlin Gets Into the Game.

Gimlin, the same old Gimlin, came in from the cut-off in time to get Into a Lobster suit and put ginger into the game. He was greeted with a round of hearty cheering from the Ogden fans when he first stepped up to bat, and the first bail pitched he sent out to middle field for two bases. He got third on Heusser's mishandling of Clark's grounder and came in a moment later on Wessler's hit. Wessler, an amateur and an Ogden boy all over, appeared for the first time, and made good. His stick work was the feature of the day. Out of four times up he had three pretty singles and a beautiful double.

At the beginning of the game Christie demanded two umpires. Dutch was not on hand and Sollman was slated for the indicator. Christie demanded that Tozer also share the work and this raised a protest from Hausen, who objected to Tozer and the protest caused a delay of ten minutes in starting.

Ogden Starts in Strong.

Ogden started to get busy in the first uning. Scott, the first man up, got a ase on balls and reached second on lahoney's sacrifice. He stole third and ame home on Hausen's grounder to short top, which was fielded to first, putting lausen out. In the second inning Gimn was the first man up. He hit the irst ball sent over for a two-bagger. Iargetts flew out to middle field. This ras followed by a hit by Clark to Heuser, who juggled the ball and Gimlin cored on the error. Clark reached second on a passed ball and scored on Wesser's hit. Fettes struck out and Scott eached first on Kennedy's muff of his y ball, Wessier scoring. Clark tried to each second. But was thrown out by ook. Ogden scored four more in the ext inning on an error to Christic and

Star Game.

The Calder's Park team took the third straight game from the Provo team at Calder's park yesterday afternoon by a score of 5 to 2. The game was one of the fastest played by the amateur league this season. Perhaps the feature of the day was the work of Hughey when in a tight place and the fielding of T. Gunn. In the sixth inning the Calders had three men on bases off safe hits, with no one out, and Hughey struck the next three batters out, retiring the side. Two long files away over on the race course were nailed by T. Gunn. both shutting off runs. The batteries were Beesly, Theriot and Deem for the Calders and Hughey and King for the Provo team. The attendance was good. Compton, the first baseman of the Fort Douglas team, umpired and gave good satisfaction.

The officers seem to be of the opinion that they have a good case and that a conviction will be easy. They admit that the sheep were probably found by the two young men while they were straying alone over the hills, as the heavy storms of a month ago scattered all the herds all over the mountains, and this would have been possible. But they undoubtedly knew the sheep were not their own, and that some of them were Seely's, and as they went ahead and marked them, knowing this, they have placed themselves liable.

Reports yesterday from the meadow lands surrounding Chester, this valley, were to the effect that the grasshorper situation there is very serious indeed, and that the visitation of the pests last year was no comparison whatever to this year in point of numbers in that particular locality.
